

## Providing for the Operation of High Productivity Heavy Vehicles on Roads

**Menno Henneveld**

- Austroads
- Chairman
- [menno.henneveld@mainroads.wa.gov.au](mailto:menno.henneveld@mainroads.wa.gov.au)

## High Productivity Heavy Vehicles

- are important to the community
- can be acceptable to other road users
- enable economic competitiveness

## The Operating Environment

- rapid expansion in road freight throughout the world
- conflict between heavy and light vehicles
- community concern over noise, safety, environmental and amenity impacts

We don't want this

# Innovation and Imagination Needed

- vehicle design
- regulation
- access
- great communication

## Topics in This Seminar

- integrated approach to regulation
- performance based standards
- compliance and enforcement
- shippers needs for land freight transport
- and more!
